

Dear GCC Parents,

Re: Safety Measures

The safety of children, staff and families will always be a high priority with Geneva Presbyterian Church, Geneva Children's Center (GCC). Security and safety are always on our minds as we hear what is happening in and around our community and beyond. I hope this letter will address some of your questions that you might have regarding safety measures for the Geneva Children's Center and the entire campus.

The Geneva Children's Center currently has in place the following security/safety measures:

- Chimes on all gates for entering and exiting all yards
- All staff wear a blue lanyard with their church or school logo
- Security cameras in and around campus that are motion activated
- Outside security company on site to walk campus in the night and early morning
- Silent alarms that go directly to the police department
- Classrooms have lock-blocks on the doors for quick locking
- Telephones placed in every classroom
- All visitors must check-in at the GPC church office and be given a lanyard to be on campus
- Volunteers and/or staff at the information area to greet parents
- Emergency contact information for GCC children located in GPC primary office
- Earthquake/first aid supplies in and around campus as needed for an emergency
- GCC continues to follow rules/regulations of the Police, Fire Codes, CDC, and Community Care Licensing
- Routine fire drills, earthquake drills and intruder drills

Here at Geneva Children's Center, we are always looking for and researching ways to continue to make GCC a safer and healthier environment for children, families, and staff. We will continue to place safety and security of the facilities on our campus a high priority.

Thank you for your continued support as we work together. Please contact the Director at 949-581-2200 if you have any questions or concerns.
